

Get ready to choose health for 2018

Thank you for partnering with Kaiser Permanente in 2017. We look forward to helping you be your healthiest in the year ahead.

How to get ready for 2018

Your Core Bronze HSA plan coverage continues to be available in 2018. Your coverage will renew effective Jan. 1, 2018. For details about changes to your health plan plus anything you may need to do to continue your coverage, see the enclosed letter.

Your plan costs

You will notice an increase in your monthly premium for 2018. (See enclosed letter.) At Kaiser Permanente, we work hard to ensure our rates are competitive, while maintaining our high quality of care and service. Our mission is to make sure you receive the care you need to get and stay healthy. Please contact us for help finding options that fit your needs.

If anyone on your plan is 21 or younger, you'll see an additional increase. To eliminate a severe increase in rates when people turn 21, the U.S. Department of Health and Human Services directed all health plan issuers to change how a member's age affects rates. As a result, for 2018 only rates for people younger than 21 may increase by 20.5% to 52.85%. Rate changes in years beyond 2018 will be more gradual.
